

DON'T BE LEFT EXPOSED TO EVER INCREASING CLIMATE VOLATILITY AND INSURE YOUR VALUABLE LIVESTOCK FOR LOSS ATTRIBUTABLE TO DROUGHT OR FLOOD THIS SEASON AND BEYOND...

Introducing to the Australian Insurance Market Livestock Drought and Flood insurance by *Insurer A*

Livestock Drought and Flood Insurance:

The success of Farming is correlated to climatic conditions. In some cases the dependence on weather is as high as 95%. For that reason transferring the risk associated with the adverse impacts of weather can greatly assist in offsetting income loss due to extreme weather.

A Livestock Drought & Flood insurance policy can respond to costs associated with:

1. Loss of Livestock;
2. Livestock transportation costs;
3. The purchase of feed;

***Insurer A* is proud to offer Australian Farmers the following parametric risk transfer solutions:**

- A) Livestock loss due to Drought;
- B) Livestock loss due to Flood;
- C) Livestock loss due to Drought or Flood;

Testimonial:

“

I feel secure, relieved and can manage my Farm stress free being insured with *Insurer A* Livestock Insurance. As a Fellow of the Australian and New Zealand Institute of Insurance and Finance I know my Livestock and I are in very good hands with *Insurer A* Livestock Drought & Flood Insurance.
