

OBA's Quarterly Craic

2023

Feb - March

February 2023 marked OBA's 4th anniversary having kicked off proceedings 26th February 2019 as referenced in [Our Journey](#), excerpts below. Naturally a lot has transpired over this 4 year period which, per feedback received, we are pleased OBA Readers have enjoyed being kept abreast of happenings:

FEBRUARY 2019

In the midst of rampant Drought on Australia's east coast within the country's worst Drought in 100 years Brett O'Brien starts OBA Consulting to address wholistic Livestock Risk Transfer, namely Drought.

In doing so Brett writes to Prime Minister Scott Morrison in relation to a concept for Livestock Drought insurance, highlighting to the Prime Minister that Australian farmers are unable to insure Livestock against Drought within the mainstream Australian insurance market - a status quo Brett considers unacceptable.

Brett suggests to the Prime Minister the Government sets up an agency or website such as the one it established in 2009 to assist Australians unable to secure Flood insurance in Far Nth Queensland.
